

COHÉSION

The Cohésion table features pure, modern lines. It offers a wide and spacious work top, encouraging dialogue and communication. This table meets new working methods and environments such as co-working, to encourage discussion and creativity, by allowing several people to work together on the same work top.

1. 38 mm thick Nitech® top. 2. Built-in electrical socket strip on worktop for easy connections.
3. Industrial style trapezium arch leg.

Technical description

38 mm thick Nitech® top.

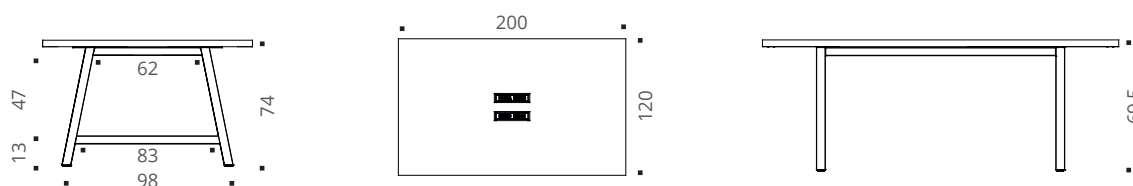

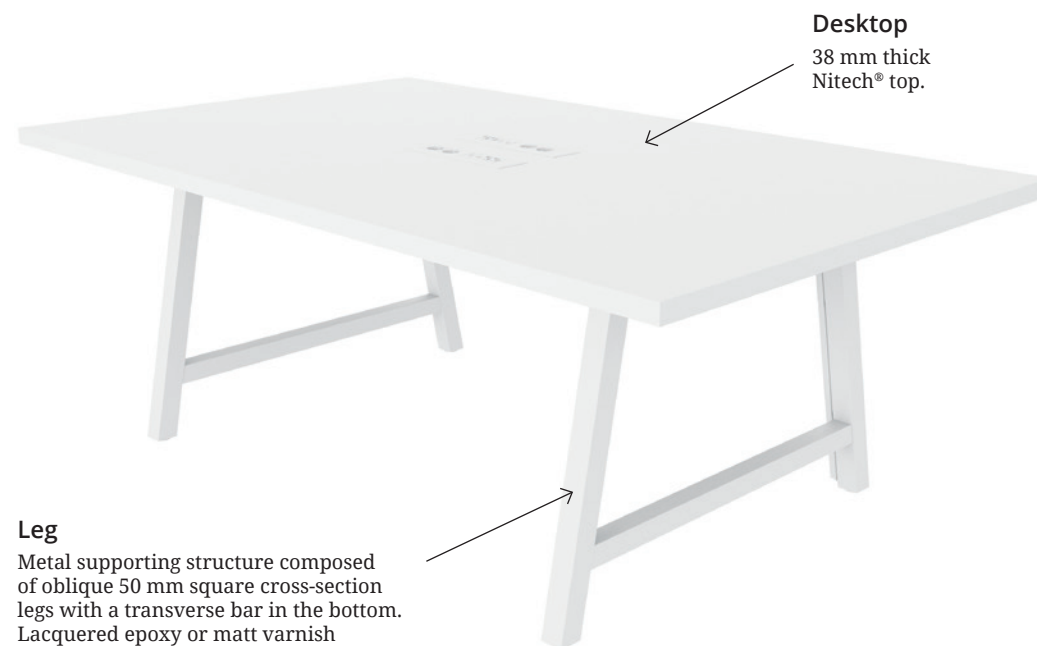

3 mm thick edging covered with 2 mm thick ABS edging.

Metal supporting structure composed of oblique 50 mm square cross-section legs and a recessed upper plate with a transverse bar in the bottom.

Assembly connected by a central steel beam with lacquered epoxy or matt varnish finish.

Adjustable screw feet to compensate for any unevenness in the floor.

Available with or without built-in electrical units, equipped with 3 UK power sockets, 2 USB sockets, 1 HDMI socket and 1 data socket.
